

BRANDON ROBERTS

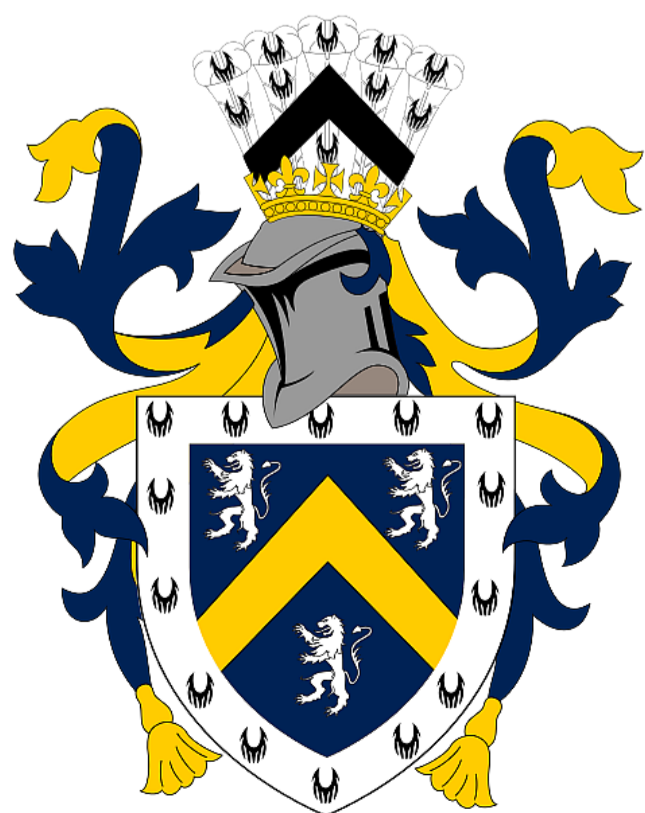

SENIOR MAN

PROPOSER: JAMIE DURHAM

SECONDER: EUGÉNIE ZERVOS

I believe the experience I have accrued over the past two years at Hatfield College displays an aptitude for the position of senior man. My involvement in Freshers' Week and Lion in Winter Ball has given me an understanding of college operations and allowed for the development of crucial relationships with students, staff, and college officers. As demonstrated by my experience, I have a strong commitment to the college and am willing to put in the time and work necessary for this position. I seek to not only respond to the needs of current Hatfielders, but to ensure Hatfield continues to provide the best possible experience for future students.
