Why I want to do it

I had an amazing time as Senior Frep and would love to carry on taking the lead in organising College events. Last year's Hatfield Day was a ball and I am keen to apply my creativity to all of the coming year's events!

Formals are the highlight of my week so organising Exec pre-drinks would be a privilege for me and a laugh for you.

Why you want ME to do it

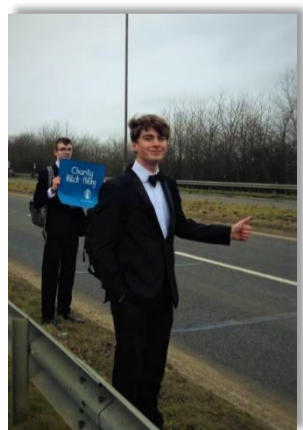

All in all, I love Hatfield and want to give the JCR an unforgettable experience!

I have boat-loads of experience in organising events, both inside and outside College:

- Senior Frep – In charge of planning the Full Moon Party in Freshers' Week, amongst many other things!
- Social Sec of HCLC
- Social Sec of DU Engineering Society; no easy task!
- Chosen to be on an Army Entertainments Committee, liaising with students and Army Staff alike.
- Open Day Rep two years running
- I also go to a lot of Formals and College events

I'm incredibly organised. Over the summer I comfortably juggled a full time job and planning Freshers'; basically like doing Exec and Engineering!

I'm not afraid to get stuck in and have bags of experience at confidently negotiating with College Officers and external companies. I managed the budget and legal aspects of Freshers' and am comfortable dealing with these tasks.

Through my hard work and dedication I aim to ensure that all Hatfielders enjoy College events as much as I currently do.
