

Felicity Juckes

Vice President Discipline 2nd Year

I would love to be your next VPD to **support** and **represent** Hatfielders and think my experience makes me up to the job.

Efficiency

Produce **action points** after Exec meetings for clarity and to ensure that we reach our goals and to maintain **transparency** in reports.

Incentivise students to pay sconces by working with the JCR Treasurer to use **sconce money** for something specific for the JCR e.g formals, an event so that you can see exactly where your money is going.

Support

Continue Brogan's work by implementing an **academic support** system in College, working with the Welfare team to help students **interact** with people doing their subjects in other years and deal with work-related issues.

Liaise with and support the Senior Man, as well as the rest of the Exec to ensure that everyone is able to fulfil their role.

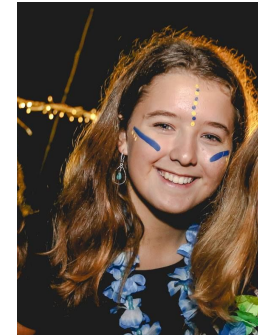

Fairness

As JCR Chair, it has been my job to remain **impartial** and to ensure that the Exec make decisions fairly, as well as **enforcing rules** in terms of deadlines and abiding by the Standing Orders, and I would carry these skills forward as VP Discipline when **sconcing** or representing students in **disciplinarys**.
